Travel directions

Coming from Holiday Park De Bosrand, turn right and immediately left (GORTELSEWEG)

1. After 150 m you will see two streams cross each other, the upper one (west-east) runs straight through the village and is later called Dorpsche Beek, via the former paper factory Van Delden and further on De Industrie. We see more of these aqueducts in a few places in Vaassen.

Follow the lower stream (south-north) further. First road on the right (EMMALAAN). This avenue is exactly 1,000 m long, you still follow the stream on the right.

2. At the end of Emmalaan you will see a waterfall on your right, until 1922 a laundry 'crow's nest' stood here.

At the end (EMMALAN) cross straight (WARNING!) to the iron gate. You go through the small iron gate (on the right) to the castle park. (When there are events in the castle park, this gate is closed). Follow the sandy path here to the castle square.

3. CANNENBURGH CASTLE

First mention: 1365

Main resident: Maarten van Rossum from 1543

Current owner (since 1951): Gelderse Kastelen Foundation

Access: Open all year round (note opening days). From April 1 to October 31 from 12:00 to 17:00. Note: The park is freely accessible between sunrise and sunset. The opening times of the castle vary according to the season. During events, different opening times and entrance prices often apply.

Catering: Restaurant 't Koetshuis

Exit the castle square heading south right in front of the castle. You walk on the grass along the road (JULIANALAN), keep walking along the stream. Immediately left again over the bridge (KERSENDIEKSIEN).

4. The dike where you now walk is covered with cherry trees. At the end of this dike you will see another water wheel and associated mill.

At the end of the dike, turn left at the paved road. Here you can safely walk behind the trees!

At the end of the road, turn right at the large riding stable (HERTENKAMPSWEG). Take the first left (CANNENBURGHERWEG). Opposite house number 12, turn left into the forest path, past the sign 'Gemeente Bosbedrijf'.

Immediately after the sign keep to the right, follow the forest path paved with split. At the paved road (GORTELSEWEG) turn left.

5. After 150m you will see a former laundry on the left. Follow the road, at the end you are back at the Holiday Park.
